

## COVID-19 Protocol for Vintage Church

- Masks are required. Masks will be available upon entering the gym.
- Each person or family will setup their own chairs 6 feet away from other family units.
- Chairs are provided and you will grab your own when you enter the gym.
- We meet in a gym with 80-100 people and have plenty of space to meet responsibly and spread out.
- At the end of the service, leave the chairs and we will sanitize them and put them away.
- Communion is provided in individual containers which can be picked up on your way to your seat.
- Giving and filling out of "Connect Cards" can be done virtually.
- We are currently only offering a Vintage Kids class for ages 2-4. Kids will begin the service sitting with their families and will be dismissed after the first song. Weather permitting, they will spend part of their time on the outside playground (so dress accordingly) and part of their time in the atrium learning about and worshipping Jesus.
- The facilities are professionally cleaned before each service.
- For anyone who cannot attend in person we live stream the service on our [Vintage Church North Facebook page](#) at 10a each Sunday.
